

"I personally want to thank David Wagner for the excellence and integrity of your ministry. David is truly a prophet, this is a man who has a deep walk with the Lord and deep understanding of the Lord's word and is very humble as he seeks to obey and be the Lord's oracle in these Last Days. Knowing David, his heartbeat is solely to do the work of His Father that if sacrifice or attack or persecution is the road he must take to share God's heart he will and has taken it. He has never ministered a canned word or message but only words that have been birthed in the prayer room and achieved on his knees."

"As a prophet he can come in and set the house in order and set the Lord's agenda for the road ahead. He is a true friend to the ministry and he is so real and transparent. He has been nothing short of a huge blessing to our ministry."
