

"David Wagner is the embodiment of Father's Heart Ministries--he has experienced the transforming power of an encounter with the Father-heart of God and it is out of that reality that he ministers. His teaching is rooted in, and flows out of, the reality of living in connection with the Father's heart."

"We love David at Wellspring and greatly appreciate the accuracy and dynamism of the prophetic anointing in which he walks and ministers. He is humble and incredibly drawn to minister to God's people and to help position and release them into their destiny and calling. He also has a real heart for evangelism and for helping God's people operate in prophetic evangelism. David is not a showman, nor is he flashy--he's just real! And he really will bless any church or ministry that invites him to minister!"
